## WHY PEACEFUL TRANSITION?

At Peaceful Transition, we are not afraid of being different —  
we are afraid of being the same.

For years, traditional funeral service has done an excellent job in serving the public and continues to do so today for families who wish to stay with older traditions. However, the world and all the families in it have dramatically changed. For us, this means we must adapt in order to be viable. We must serve from your perspective as individuals. For many people, the old cookie-cutter funerals simply do not work anymore.

We are flexible, less expensive, open-minded and serve you based on your wishes — not our past. We will help you create more meaningful, personalized celebrations while helping your family reinvent tradition ... in a peaceful manner.

# *Changing the Face of Funeral Service One Life at a Time.*

Peaceful Transition is a fully licensed funeral establishment that can offer all the merchandise and services of a traditional funeral home, at a fraction of the cost.

Our business is appealing for those of us who prefer alternative choices to those customary services offered by most funeral homes, such as embalming, long visitations, over-priced caskets, concrete vaults, urns, funeral coaches and other expensive vehicles.

Our goal is to provide the families we serve with affordable and practical alternatives and options to the escalating costs found in many traditional funeral homes.
